'Real Cool' Bandit Gets Store's Cash

A "hopster" bandit was being sought by police throughout this area today after he robbed a local market of about \$200 late Sunday.

Jack F. Schnurr, 29, of Redondo Beach, owner of the S&S Market at 4505 Torrance Blvd., said he was counting money when the robber entered and threatened him with a .32-calibre revolver.

"I need some bread, man," Schnurr said the gunman told him.

Schnurr, who realized that "bread" is a pop expression for money, handed over the cash instead of directing the intruder to the bakery department.

New Rancho San Pedro Industrial Subdivision Viewed by Leaders

More than 300 industrialists, civic leaders and top executives of the many of the county's leading businesses heard details of a new industrial center development during pre- dedication ceremonies marking the opening of Susana Road, east of Torrance.

A reception followed at the Virginia Country Club with officials of the Del Amo, Carson, and Dominguez Estates companies acting as hosts.

Supervisor Speaks

Among those speaking during the brief ceremonies at the industrial site were Supervisor Burton W. Chace, C. M. Crawford, general manager of Dominguez Estates Co., and other company officials.

The Rancho San Pedro development, which covers 1300 acres held by the three com-

panies, is designed as a "blue chip" center, Crawford stated.

In addition to a 300-home development, a number of industries have already begun construction there including Westinghouse Electric Corp., J. A. Folger Co., and others.

History Given

Also speaking at the ceremonies was Thomas C. Cooper, secretary of the Carson Estate Co. and a great-grandson of Juan Jose Dominguez, to whom the original 46,000-acre grant was made.

Robert R. Ashton, vice president of Del Amo Estates Co., traced the background of the original land, which extended from Rosecrans to the harbor and from the Los Angeles River to the ocean.

James P. Bradley, president of Dominguez Estates Co., stated that it has been the policy of the three developing groups to select good industrial neighbors, and said the policy would be continued to perpetuate the areas rating as an outstanding industrial community.

The development lies between Alameda and Long Beach Blvds. south of Artesia.

The Squirrel Cage

Remember that old "Able, Baker, Charlie, Dog . . ." alphabet you used to rattle off during your service days?

Well, if you think you might be recalled into the service, you'd better forget all of that and start over again—at least if you're going back into the Navy. It's all different in the "new" Navy according to a Seaman we chatted with this week.

Here's the way they go after it now:

Able, Bravo, Charlie, Delta, Echo, Foxtrot, Golf, Hotel, India, Juliet, Kilo, Lima, November, Oscar, Papa, Quebec, Romeo, Sierra, Tango, Uniform, Victor, Whiskey (Whiskey??), X-Ray, Yankee, and Zulu.

Several good expressions went down the drain with the new alphabet it seems to me.

It's no longer Uncle Sugar.

as an example, but now it's Uniform Sierra. Doesn't have the same qualities of mellifluousness.

The new order in alphabets hasn't filtered down to the Southland's law enforcement agencies as yet. Broadcasters on police and sheriff's frequencies would still put out my GED auto license letters as George-Easy-Dog, instead of Golf-Echo-Delta.

Do you suppose the enemy was catching on to the code?
